

Textile Clusters for Industrial Modernisation

Do you want to take a step towards Industrial Modernisation?

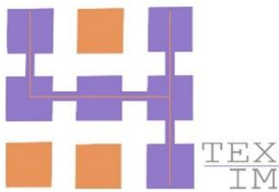

Tex4IM, the European long-term partnership for Industrial Modernisation of the Textile and Clothing sector, is glad to invite you to the 2-years activity final event. Tex4IM supports the setting up of new co-operations by enhancing innovation capacities, business, knowledge, skill levels and other key competitive factors for the future of European Textile-clothing sector.

TEX4IM On-line Final Conference

April 20 - 21 - 22, 2021

3 webinars of 1 hour each at 12 pm (CET) every day

20-21-22 April

TEX4IM

Final conference

During this widespread event, you will have the occasion to participate to webinars about textile-clothing trends for the future, specific offers by the TEX4IM portfolio, circular economy and digital transition in the textile industry.

The participants will also learn about the technical support that TEX4IM project will provide to the development of business co-operations, up to the definition of a solid business plan.

The final conference is a great opportunity to be informed about the results achieved during the 24 months of the TEX4IM project journey.

More info: www.tex4im.eu

The event will be organised by ASTRICONE (Romania) and it will take place on-line through the GoToMeeting platform.

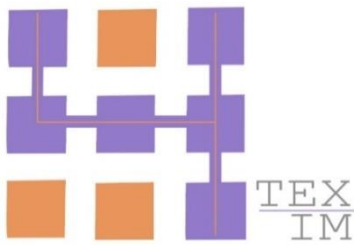

Co-funded by the COSME programme of the European Union
